

## ***CONTENT***

<b>Sr. No.</b>	<b>Chapter and Author</b>	<b>Page No.</b>
1.	<p><b>A-State-Of-Art Review on The Recent Developments in Vehicular Metropolitan Network and Communication Systems</b></p> <p>Shyamsundar P. Magar</p>	1-14
2.	<p><b>A Review on Impact of Image Compression Techniques on Face Recognition Accuracy</b></p> <p>Dr. Algubelly Yashwanth Reddy and Dr. P. Hasitha Reddy</p>	15-26
3.	<p><b>A Survey on The Recent Developments and Modern Hardware Systems for Enhancing the Intelligent Transportation System</b></p> <p>Devaraju hanumanthu</p>	27-40

4.	<p style="text-align: center;"><b>Recent Developments and Applications in The Vehicular Embedded System Technologies</b></p> <p style="text-align: center;">Bhaskar Roy</p>	41-54
5.	<p style="text-align: center;"><b>A State of Review on Biomedical Image Processing Techniques with A Focus on Deep Learning</b></p> <p style="text-align: center;">Dr Suresh Anand.M</p>	55-67
6.	<p style="text-align: center;"><b>A Review on Wireless Sensor Network Based Approaches for Temperature Sensing Applications</b></p> <p style="text-align: center;">Dr. Surender Kumar</p>	68-74
7.	<p style="text-align: center;"><b>A State of Review on Biomedical Image Processing Techniques with A Focus on Deep Learning</b></p> <p style="text-align: center;">Dr. Dilip.R, Dr. Swetha.P and Dr. Anitha K</p>	75-86

8.	<p style="text-align: center;"><b>A Systematic Review of Routing Protocols for Vehicular AD Hoc Networks and Recent Developments</b></p> <p style="text-align: center;">Mrs. Prakruti Kulkarni</p>	87-100
9.	<p style="text-align: center;"><b>A Survey on Computer Graphics Technology with A Focus on Its Applications in Bio Medical Imaging</b></p> <p style="text-align: center;">Dr.K. Arumugam and Dr.S.Saravana kumar</p>	101-113
10.	<p style="text-align: center;"><b>A Review on The Realistic Mobility Models for Vehicular AD-Hoc Networks</b></p> <p style="text-align: center;">Dr. S. Murugeswari and Dr. G. Mahendran</p>	114-126
11.	<p style="text-align: center;"><b>Security Attacks in Vehicular Networks and Survey on Recent Developments in Detection and Protection Against Threats</b></p> <p style="text-align: center;">Dr. G. Mahendran and Dr. S. Murugeswari</p>	127-138

12.	<p style="text-align: center;"><b>A Review on Recent Developments in The GPS Based Localization and Wireless Sensor Networks</b></p> <p style="text-align: center;">Arpit Namdev</p>	139-148
13.	<p style="text-align: center;"><b>A Review on Recent Developments in Image Compression Techniques</b></p> <p style="text-align: center;">Suryabhan Pratap Singh and Umesh Chandra Jaiswal</p>	149-162
14.	<p style="text-align: center;"><b>A-State-Of-Art Review on The Advances and Applications of Artificial Neural Networks</b></p> <p style="text-align: center;">Suryabhan Pratap Singh and Umesh Chandra Jaiswal</p>	163-177
15.	<p style="text-align: center;"><b>A Comprehensive Review on Recent Developments in Pattern Matching Techniques</b></p> <p style="text-align: center;">Suryabhan Pratap Singh and Umesh Chandra Jaiswal</p>	178-196
