This book is written with so much thorough knowledge and facts. With this book readers may obtain information effortlessly. This book is created in a simple manner so that the readers will comprehend every detail. It would be useful for the students who wish to gain information in the subject of education and are performing research in the education sector. This book is for all sort of individuals, no matter the area which the readers are studying if they have curiosity to get information about the educational sector they may read it.

In this book writers have added the information after performing a lot of research and they also putted a considerable amount of effort for writing this book. In this edited book the writers have addressed 12 various themes in which the material is provided in the thorough way. Every chapter and subject of this book is useful for the readers to obtain the information. The writers have discussed a number of topics in this book.

## **Preface**

This edited book explains the basic principles of communication so that you can create an open and honest communications environment in any situation. Each person's communication style is a unique combination of their own innate skills and those learned both formally and through experience. What makes some people better than others at communicating is their ability to adapt their style to suit the message, environment, and exchange.

The writers of this book have covered a wide range of communication topics. This book's content and materials are the result of extensive investigation. Readers will obtain a thorough understanding of every subject while reading this book. The theme of this edited book show readers about education in numerous aspects. Every chapter of this features excellent information that has been incorporated after numerous studies and a lot of debates.

The topic of the first chapter is "Business Communication," in which readers gain knowledge about the significance of business communication and what is needed to maintain strong business communication. The "Challenges and opportunities of online education during COVID-19 for women" are discussed in detail in the second chapter. Further chapters have talked about the "Strategies and policies of education", in which the author speaks about numerous strategies and policies.

Next, we have "Child education, Physiology area-related topic, Importance of English language in India, A Review on Leadership Models in Education, Intercultural Education, and Modern-Based Education" and so on. Additionally, there are sections on "The inter relevance of literature and psychology," "A study of remote sensing and GIS for water resources," "The effect of climate change on humans and animals," and finally, "A brief overview of recent trends in literature." All of these chapters provide comprehensive information.
