

Call for Book Chapters / Research Papers

Academic edited-volume publishing • Research-focused contributions

EDITED BOOK SERIES

Advances in Computer Science (Volume -1)

ENGINEERING AND TECHNOLOGY

EDITED BOOK SERIES ID

PUBLISHER	AG volumes (An Imprint of AG Publishing House)
BOOK IMPRINT	AG Volumes, an imprint of AG Publishing House, is dedicated to providing meticulously edited and high-quality academic books designed to support researchers and scholars across a wide range.
PUBLICATION	April 2025
CALL CLOSES	28-May-2025

SERIES EDITORS EDITORIAL LEADERSHIP

CHIEF EDITOR

Sunil Kumar Suvvari

Senior Management Consultant

EDITOR

Rohit Jarubula

Senior Agile Consultant

This volume encompasses a diverse range of topics, including computer programming, energy optimization in wireless sensor networks, and the application of computer vision in education. Each chapter is meticulously researched, providing readers with insights into the latest advancements and methodologies shaping the discipline. This volume serves as a valuable resource for researchers, educators, and students seeking to understand the evolving landscape of computer science and its practical applications.

AUTHOR BENEFITS

- ✓ Indexed in Google Scholar and other platforms
- ✓ Publication in an edited book series with ISBN
- ✓ Open access availability through AG Digital Library
- ✓ Improved discoverability and professional presentation
- ✓ Certificate for contributing authors

PUBLISHING SUPPORT

- Reviewing support from AG Reviewers
- Plagiarism checking service
- Submission management
- Registration management
- Individual author dashboard
